

# Konstanten Art Tour, 3rd & 4th of September, 2011

Meet artists in their homes and studios in a beautiful area, approx. 60 km from Gothenburg, between Trollhättan (famous for Saab and it's waterfalls) and Alingsås (famous for its many small cafes and wooden buildings).

KonstAnten was formed 5 years ago. It has already received a cultural award from the town of Alingsås. The great advantage of this art tour is that you will, have the opportunity of meeting and become acquainted with 17 artists as well as some guest artists, while also being able to sample local dishes in quaint and beautiful settings. This is a golden opportunity to see and buy brilliant art and craftsmanship.

You might start the tour in Gräfsnäs, the beautiful park situated by lake Anten and known for its vintage railway, and not at least for Castle Gräfsnäs.

The main Exhibition is held within the ruins of Castle Gräfsnäs which in the 16th century was the biggest Castle in the west of Sweden. Here you will see work exhibited by all 17 artists and Forging Art by the Guest Artist Lars Larsson.
